

APPENDIX A - CLAIM COMPARISON TABLE

PCT/previously filed claims	Corresponding presently amended claims	Comments
1	19	Original PCT claim 1 has been rewritten as new claim 19. New claim 19 is narrower than original PCT claim 1 as new claim 19 includes a controller, and an activation tool is required to configure the apparatus as described in paragraphs 59 - 61 and elsewhere in the specification.
2	-	Previously filed claim 2 has been deleted
3	35	Previously filed claim 3 has been rewritten as claim 35. New claim 35 is narrower than original PCT claim 3 as new claim 35 requires an activation tool to provide humidified gases as described in paragraphs 59 - 61 and elsewhere in the specification.
-	20	New claim 20 has been included to claim the form of activation tool as described in paragraph 63.
4	-	Previously filed claim 4 has been deleted.
-	21	Claim 21 has been included to introduce the shroud of the present invention. The shroud is described in paragraph 64 and shown in the accompanying drawings.
5	22	Previously filed claim 5 has been rewritten as claim 22. Paragraph 65 relates to this form of the activation key. As this claim depends from new claim 21, the shroud is incorporated in this embodiment of the invention.
8	23	Previously filed claim 8 has been rewritten as claim 23. Paragraph 69 relates to this form of the activation key. As this claim depends from new claim 21, the shroud is incorporated in this embodiment of the invention.
7	24	Previously filed claim 7 has been rewritten as claim 24. Paragraph 71 relates to this form of the activation key. As this claim depends from new claim 21, the shroud is incorporated in this embodiment of the invention.
6	25	Previously filed claim 6 has been rewritten as claim 25. Paragraphs 66 - 67 relate to this form of the activation key. As this claim depends from new claim 21, the shroud is incorporated in this embodiment of the invention.
9, 10	26	Previously filed claims 9 and 10 have been rewritten as claim 26. Paragraphs 77 and 84 relate to this embodiment of the

		invention.
-	27	This claim has been included for the form of the second activation key as described in paragraph 80.
11	-	Previously filed claim 11 has been deleted.
12	-	Previously filed claim 12 has been deleted.
13	28	Previously filed claim 13 has been rewritten as new claim 28. New claim 28 relates to the cover, or shroud, as described in paragraph 64 and shown in the accompanying drawings.
14	29	Previously filed claim 14 has been renumbered as claim 32 with minor amendments for clarity.
15	30	Previously filed claim 15 has been renumbered as claim 33 with minor amendments for clarity.
16	31	Previously filed claim 16 has been renumbered as claim 34 with minor amendments for clarity.
17	-	Previously filed claim 17 has been deleted.
18	-	Previously filed claim 17 has been deleted.
-	32	This claim has been included to claim the embodiment described in paragraph 71
-	33, 34	These claims have been included to claim the embodiment described in paragraphs 77 and 79.
